Karachi university, 2023-2026
CGPA: 3.225

Intermediate
Govt. Degree College Malir cant, 2021-2022
A- Grade: 75.09%

OBJECTIVE

A dedicated undergraduate student of one of the reputed universities of Pakistan is looking for job opportunity in Software Development roles having motive of Product-based learning in a dynamic and challenging environment of an organization

EXPERIENCE:

Internship
Frontend Development Intern
Developer Hub Corporation (Remote) – 2 Months

- Collaborated on frontend tasks for web applications in a remote team setting
- Gained hands-on experience with real-world UI development workflows
- Improved skills in responsive design, component structuring, and version control

PROJECTS

Ecommerce Platform

Built a responsive e-commerce interface allowing users to browse products, manage a shopping cart, and proceed to checkout. Implemented clean UI design and basic state management for a seamless user experience
Tech Stack: React JS, Tailwind, context API

Klimate

Weather App

Developed a weather app that fetches real-time weather data based on city input. Designed a minimal, responsive UI to display temperature, humidity, and conditions through API integration.
Tech Stack: React JS, Tailwind, Typescript
